- 11/24 **Turkey Trot**  
9:15 a.m.
- 11/25-28 **Thanksgiving Weekend**

### Principal's Message

Dear Aronimink Families,  
 We are off to a great start to the month of October! It is hard to believe that we have officially completed our first month of school. Our students are fully back into the groove and have mastered our school-wide routines and expectations.

To maintain our strong school-wide community, we continue to acknowledge the many efforts and accomplishments of our children. Traditionally, at the end of each month we recognize students for their many accomplishments in the

p. 1 cont.

classroom and beyond. I am proud to share that we recognized 35 students for their outstanding engagement and achievements during this past month in our September Student of the Month recognition video.

It has been refreshing to see the smiling (but masked) faces in the building. We continue to get back to normalcy by holding the many events and activities that make this school special. After a year of quiet, we are back at it. This month we hosted our 5th grade carwash, Bingo Night, Back to School Night, and we have begun planning for Harvest Fest! Be sure to check out all the wonderful activities that engage our Aronimink school community! We can't wait to see you! Best,

~Mr Rehak, Principal

## First Grade News

The boys and girls in first grade have transitioned well into the new school year.

In Foundations, we are working on identifying our letters, letter sounds, and blending.

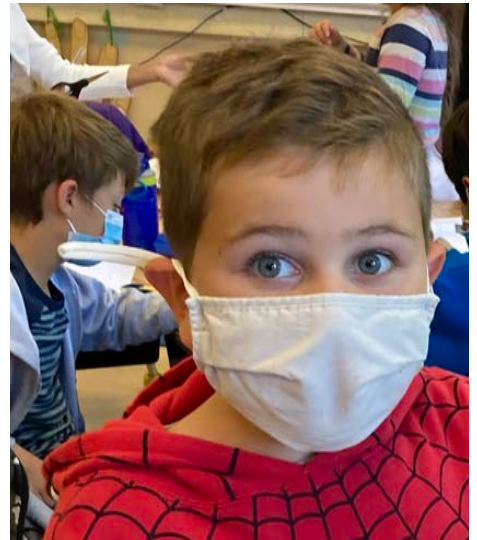

In Math, we are currently working on Chapter 2, fluently adding and subtracting within 10.

This month we were very fortunate to have a visit from the Upper Darby Fire Department.

The boys and girls learned all about fire safety. A big shout out goes to all the first grade parents.

Thank you for all your support. We are looking forward to a wonderful school year.

~Ms. Delemitas, 1st Grade Teacher

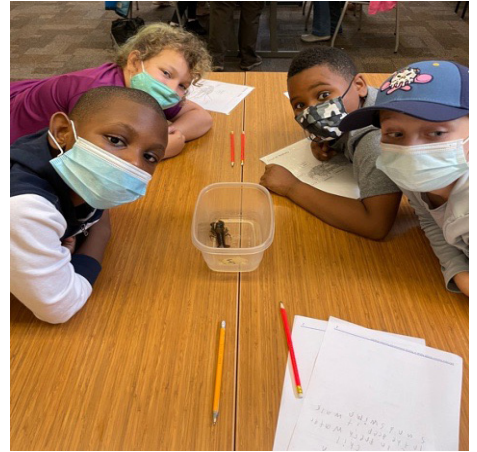

## Third Grade News

Third grade is off to a great start! The third grade teachers are so proud of the students!! In Language Arts students just completed their first writing piece which was a personal narrative of a summer event. In Math we are working on multiplication and division strategies. In Science we are learning about plants and sound. Keep up the great work.

~Dr. Sheehan, 3rd Grade Teacher

## Reading Olympics

Fourth and fifth grade students are invited to join our Reading Olympic team. We encourage all of our students to consider joining Reading Olympics. Mrs. Furey, Reading Specialist, and Mrs. York will be guiding our students on their adventure to reading quality literature.

~Mrs. York, Art Teacher/Librarian

## Library News

Besides traditional books from our library, we also own ebooks and audio books through Mackinvia. The links for Mackinvia can be found in Schoology on my digital bulletin board and on the homepage on their google chromebook. On the bulletin board in Schoology there are other links for various online resources. Our avid in-person readers may visit the library and exchange their books for new ones. In order to get new books students must return their borrowed books.

First and second graders are learning about the elements of a fiction story. Second graders are using the elements of a fiction story to write about the monster they are creating in art class. Third, fourth and fifth graders are connecting the use of call numbers to identify the three main sections in the library. Informational literacy starts with recognizing organizational systems.

~Mrs. York, Art Teacher/Librarian

## Art News

Grade 1

Our first grade students are learning about lines as they create a composition using the first letter of their name and different types of lines.

Grade 2

Second graders are busy taking string lines to create shapes into a monster character.

Grade 3

Third graders are exploring pattern and shapes in a circle composition.

Grade 4 and 5

Our students in grade 4 and 5 are studying how to create the illusion in space in a still life.

~Mrs. York, Art Teacher/Librarian
