Congratulations
Dottie Toomey, a
Teacher of
Excellence ❤️

Spring
vibes

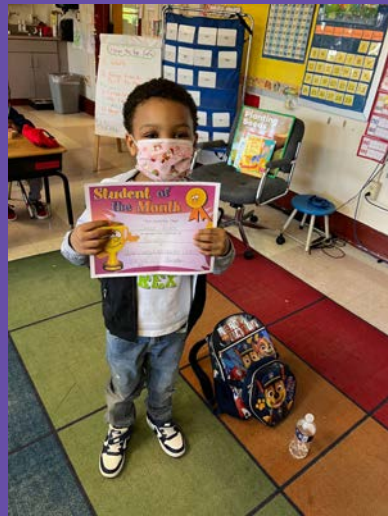

Meet our new Vice Principal Jeanine Mbaeri

In her own words...

"I love the age of our students and the growth that we see in one school year. I am amazed every year watching our sweet and innocent students figure out that they are capable of building and apply knowledge. During kindergarten students often realize that with practice they can expand what they know and can do."

"Our students are learning how to be understanding of and how to work with many different people. The people we encounter will have different backgrounds, and different beliefs. At times our differences dictate how we interact with each other, and that is ok! The rest of your life you will be learning how to interact with different people. You will learn who they are and show them your amazing self. Those who can understand and respect what makes us different are usually happy."

Congratulations to
our students of
the month who
demonstrated
Fairness.

“Two of a Kind” performed for us! We had a great time singing and dancing.

Celebrating Teacher Appreciation Day with Ice Cream!
