Stonehurst Celebrated Women History!

Stonehurst enjoyed an assembly about the significance of the African American Greek Sororities and the impact that they made on Women's History. The students had a great time and even had a chance to learn a step at the end!

Stonehurst participates in Delco Reading Olympics!

The Delaware County Reading Olympics Event at Northley Middle School was great night. We had 11 students on our team, and 8 of them had their families come to cheer on the team.

The Reading Stallions did some last-minute studying before the competition and then competed in three rounds, each against another elementary school, earning points for each correct answer. The questions were about the 48 different books that each team read to prepare for the competition. Stonehurst's Reading Stallions did great, especially for their first Reading Olympics. They showed the 3Bs and team work through the whole event, and scored a total of 26 points, earning a white ribbon. We are so proud of them!

Save the Date!

PSSA Pep Rally

Apr. 12th

Students will encourage each other to shine for the test!

SOM Assembly

Wed. April 24th

Please come support students who are being recognized at 2:00pm

PSSA Testing

Starts April 23rd

Please make sure your child is in school and on time.

First Grade Spotlight

1st Grade performed their annual Teddy Bear Show to parents and other students this month before Spring Break! We practiced very hard. The singing, dancing, and readings were enjoyed by all of the audience

Second Grade Spotlight

During the month of March, 2nd Grade students had practice counting mixed money amounts, wrote letters stating their opinion and so much more! We learned and practiced more ways to show others what a good example of citizenship is by picking up after others. Now we are ready for our upcoming field trips to Bartram Gardens and the UD Township Building.

Third Grade Spotlight

Third grade took a field trip to the Philadelphia Zoo! This opportunity allowed our students to interact with wildlife in a completely unique way that helped us enhance our current curriculum goals.

Fourth Grade Spotlight

Fourth grade went on an interesting trip to Longwood Gardens last month. We learned about ways to conserve and help our planet.

Fifth Grade Spotlight

Fifth Grade has been working hard to unpack their learning targets, and work towards throughout their learning daily
