Academic Standards and Assessment Requirements (Chapter 4) | 2024 - 2027

ACADEMIC STANDARDS AND ASSESSMENT REQUIREMENTS (CHAPTER 4)

The purpose of Chapter 4, Academic Standards and Assessment, of the Pennsylvania School Code is to establish rigorous academic standards and assessments “to facilitate the improvement of student achievement and to provide parents and communities a measure by which school performance can be determined”. As part of the Comprehensive Planning process, each LEA will report on their curriculum and assessment alignment to the Academic Standards.

ACADEMIC STANDARDS AND ASSESSMENT REQUIREMENTS

Chapter 4 specifies the minimum curriculum requirements that are to be provided within each grade band.

A written curriculum framework specifies what and when content is taught for each subject within the LEA. In this section, LEAs identify whether a written curriculum exists for each subject area and in what grade spans the subject is taught.

1. Identify your school entity type from the drop-down list:

School District

2. Identify the grade bands taught in your school entity and enter student population numbers:

Grade Bands	Taught in your School Entity	Student Population Numbers	
Pre K - 2	Yes	2,564	
3 - 5	Yes	2,801	
6 - 8	Yes	2,824	
9 - 12	Yes	4,324	
		Total	10

Chapter 4**Curriculum and Instruction Requirements****Written Curriculum Framework****Taught within the Grade Span**

PA-Core English Language Arts

K-2, 3-5, 6-8, 9-12

K-2, 3-5, 6-8, 9-12

PA-Core Mathematics

K-2, 3-5, 6-8, 9-12

K-2, 3-5, 6-8, 9-12

Science and Technology

K-2, 3-5, 6-8, 9-12

K-2, 3-5, 6-8, 9-12

Environment and Ecology

K-2, 3-5, 6-8, 9-12

K-2, 3-5, 6-8, 9-12

Civics and Government

K-2, 3-5, 6-8, 9-12

K-2, 3-5, 6-8, 9-12

Economics

K-2, 3-5, 6-8, 9-12

K-2, 3-5, 6-8, 9-12

Geography

K-2, 3-5, 6-8, 9-12

K-2, 3-5, 6-8, 9-12

History

K-2, 3-5, 6-8, 9-12

K-2, 3-5, 6-8, 9-12

Arts and Humanities

K-2, 3-5, 6-8, 9-12

K-2, 3-5, 6-8, 9-12

Health, Safety, and Physical Education

K-2, 3-5, 6-8, 9-12

K-2, 3-5, 6-8, 9-12

Family and Consumer Sciences

6-8, 9-12

6-8, 9-12

Career Education and Work

K-2, 3-5, 6-8, 9-12

K-2, 3-5, 6-8, 9-12

ASSURANCES: STANDARDS ALIGNMENT, CURRICULUM, AND PLANNED INSTRUCTION

1. Grade K-2 locally developed curriculum is aligned to PA Core/Academic Content Standards	Yes
2. Grade 3-5 locally developed curriculum is aligned to PA Core/Academic Content Standards	Yes
3. Grade 6-8 locally developed curriculum is aligned to PA Core/Academic Content Standards	Yes
4. Grade 9-12 locally developed curriculum is aligned to PA Core/Academic Content Standards	Yes
5. Our LEA has a standardized format for mapping LEA curriculum to the PA Core/Academic Standards	Yes

☐ Elementary Grade Level content does not apply.

☐ Secondary Grade Level content does not apply.

6. Describe your LEA's cycle and process for reviewing alignment to the PA Academic Standards and evaluating and updating the written curriculum. Include timelines and personnel involved.

The SAS website is utilized regularly to ensure grade-level standards are taught in each content area. The approved standards are also available in our curriculum mapping software, Unified Classroom. Unified Classroom is a web-based platform used as a warehouse for our curriculum maps. All teachers and administrators can access the curriculum maps for the assigned grades/subjects taught. Each summer, curriculum supervisors and interested teachers make minor revisions to the curriculum maps, and more extensive revisions are made following the district's 5-year curriculum cycle process. District policy 105, specifically outlines the timeline for adopting new resources, the curriculum committee, and the adoption of any new materials (coincides with the district's budget timeline). The five-year curriculum cycle begins with implementation. During this phase, the curriculum maps are updated, and professional development is planned to support teachers with these changes. Year 2 is also an implementation year, with a continuation of professional development and the evaluation of resource materials. Years 3 and 4 are used to examine data and the results of the new implementation. In year 5 the committee begins to look at new resources and evaluate the current curriculum. For example, after the adoption of the STEELS standards in 2022, the elementary curriculum maps were updated by a team of teachers, instructional coaches, and the curriculum supervisor of science, in the summer of 2023 with the newly adopted standards and resource materials. This year and next the district will examine the data and the fidelity of the program with the changes that were put into place. A similar process was used for the secondary maps which were updated with the STEELS standards. Each curriculum map includes objectives (learning targets), resources, lessons, vocabulary, and assessments that have all been aligned to the state-approved standards.

7. List resources, supports or models that are used in developing and aligning curriculum.

Power School: Unified Classroom the web-based platform is utilized for consistent formatting and teacher use PDE Standard Aligned System (SAS) is used to access state standards, materials, and assessments The Director of Curriculum with the curriculum supervisors develops teams of teachers to work on developing the maps and throughout the school year the curriculum supervisors and instructional coaches support the teachers in using the curriculum maps.

8. Describe how the LEA ensures all teachers have access to the written curriculum and needed instructional materials.

Teacher schedules are created in our Student Information System, eSchool. The maps are shared with the teachers through Power School Unified Classroom. Every August as part of the district's professional calendar, the curriculum supervisors review the curriculum maps with the teachers in their content areas. At this same time, the curriculum supervisors ensure that all teachers have access to the necessary materials (print and digital) needed to deliver the content. In addition, during our required teacher orientation program, all new teachers are provided with professional development on using Power School Unified Classroom and an overview of all instructional materials.

Planned instruction consists of at least the following elements: (Chapter 4.12)

- | | |
|--|-----|
| 9. LEA develops/maintains a standard format that includes scope, sequence, and pacing. | Yes |
| 10. Essential content is developed from PA Core/Academic Content Standards. | Yes |
| 11. Content, resources, activities, and estimated instructional time are devoted to achieving the PA Core/Academic Content Standards. | Yes |
| 12. Consistency and continuity between planned courses, instructional units, and interdisciplinary studies around the PA Core/Academic Content Standards exist. | Yes |
| 13. Courses and units of study are developed from measurable outcomes and/or objectives. | Yes |
| 14. Course objectives to be achieved by all students are identified. | Yes |
| 15. Evidence of measurement procedures for the success of the objectives of a planned course, instructional unit, or interdisciplinary studies exists. | Yes |

16. Describe your LEA's intent to revise the locally developed curriculum during this comprehensive plan cycle. (Include content areas and processes)

The Upper Darby School district follows the Board Policy 105 Curriculum to guide all revisions to the curriculum. As part of the policy, the administrative regulation outlines the development of grade-level/course objectives by discipline to be completed during a five (5) year period,

consistent with the textbook review cycle. During this comprehensive plan cycle, the following revisions will be made secondary science based on the adoption of the STEELS standards, ELA based on Structured Literacy, Elementary Library to add coding, and Personal Finance with the adoption of the new graduation requirement. Additionally, with the possibility of new standards in Family and Consumer and Health and PE.

Based on the responses above, would written curriculum be a priority in your comprehensive plan? No

Based on the responses above, would aligning locally developed curriculum to the academic standards be a priority in your comprehensive plan? No

ASSURANCES: EDUCATOR EFFECTIVENESS

Act 13

☐ Check if Act 13 is NOT used in educator evaluations (Charter/Cyber Charter Schools only).

1. What percentage of the educators, who will be evaluated under Act 13, fall into each of the following categories? (Total percent sum of the 4 response boxes must equal 100%)

A. Data Available Classroom Teachers	29
B. Non-Data Available Classroom Teachers	44
C. Non-Teaching Professionals	22
D. Principals	5
Total	100

2. On what observational components are classroom teachers rated the highest at the elementary/middle/high school level? (choose one in each domain)

	Elementary School	Middle School	High School
Domain 1: Planning and Preparation	1b: Demonstrating Knowledge of Students	1c: Setting Instructional Outcomes	1a: Demonstrating Knowledge of Content and Pedagogy

	Elementary School	Middle School	High School
Domain 2: The Classroom Environment	2a: Creating an Environment of Respect and Rapport	2a: Creating an Environment of Respect and Rapport	2a: Creating an Environment of Respect and Rapport
Domain 3: Instruction	3a: Communicating with Students	3a: Communicating with Students	3a: Communicating with Students
Domain 4: Professional Responsibilities	4a: Reflecting on Teaching	4a: Reflecting on Teaching	4f: Showing Professionalism

3. What action steps are implemented or will be implemented to build upon the strengths found in the classroom teacher observations?

The district will build on the strengths listed above by utilizing teachers as leaders in developing and delivering professional development to other teaching professionals throughout the district. In addition, during our induction program, our instructional coaches and teacher leaders lead professional development sessions for our new teachers. The professional development sessions for induction are planned with the Director of Curriculum and District Curriculum Supervisors. Finally, veteran teachers are utilized as mentors to our new teachers as part of induction. Mentors meet with their mentees at least once a month focusing on specific curricular and classroom environment topics outlined by the Office of Curriculum. The district will continue to focus on each component listed above as a strength. To build on these strengths the building principals and building-level leadership teams will continue to implement our Positive Behavioral Interventions and Supports (PBIS) at each building throughout the district. Buildings will continue to recognize the student's success throughout the school year. Our instructional coaches will continue to focus on communicating with students by focusing on learning target training that allows students to understand the lesson objectives.

4. On what observational components are classroom teachers rated the lowest at the elementary/middle/high school level? (choose one in each domain)

Elementary School

Middle School

High School

Domain 1: Planning and Preparation	1f: Designing Student Assessments	1f: Designing Student Assessments	1f: Designing Student Assessments
Domain 2: The Classroom Environment	2e: Organizing Physical Space	2e: Organizing Physical Space	2e: Organizing Physical Space
Domain 3: Instruction	3e: Demonstrating Flexibility and Responsiveness	3e: Demonstrating Flexibility and Responsiveness	3d: Using Assessment in Instruction
Domain 4: Professional Responsibilities	4b: Maintaining Accurate Records	4c: Communicating with Families	4c: Communicating with Families

5. What action steps are implemented or will be implemented to improve the challenges found in the classroom teachers observations?

Designing student assessments has been a focus of our professional development this school year with our learning target and reading apprenticeship training. We will continue to focus on this area so students have ownership of their learning.

6. What information is used to determine Principal Performance Goals?

Goals Set	Comments/Considerations
Provided at the district level	District-level administrators are evaluated based on district data reports, action research reports, and individual goal setting based on the superintendent's goals. The Frontline Evaluation is used annually to record all of this information.
Provided at the building level	Building-level administrators are evaluated based on building-level data reports, action research reports, and individual goal setting based on the superintendent's goals. The Frontline Evaluation is used annually to record all of this information.

Goals Set	Comments/Considerations
Individual principal choice	Principals write one instructional leadership goal, one goal aligned with the climate and culture of their building, and the third is aligned with the superintendent's goals.
Other (state what other is)	n/a

7. Under Act 13, classroom teachers are required to utilize LEA Selected Measures to develop the Student Performance Measures and possibly the IEP Goals Progress Measures. List student assessments examples each grade/content area will use to develop LEA Selected Measures.

LEA Selected Measures	Grades/Content Area	Student Assessment Examples
Locally Developed School District Rubric	All K-12 Classroom teachers with the exception of Temporary Teachers.	State Assessments, District Assessments, NWEA MAP, Aimsweb.
District-Designed Measure & Examination	1-12/ All Curricular Areas	Common Curricular based assessments
Nationally Recognized Standardized Test	K - 11/ ELA and Reading; Math, Science	PSSA, Keystone, NWEA, Aimsweb
Industry Certification Examination	n/a	n/a
Student Projects Pursuant to Local Requirements	n/a	n/a

n/a

Based on the responses above, would instructional practices be a priority in your comprehensive plan?

No

ASSESSMENT

Chapter 4, Section 4.52, indicates that each school entity shall design an assessment system to do the following:

- Determine the degree to which students are achieving academic standards under Section 4.12 (relating to academic standards).
- Use assessment results to improve curriculum and instructional practices and to guide instructional strategies.
- Provide information requested by the Department regarding the achievement of academic standard.
- Provide summary information, including results of assessments under this section, to the general public regarding the achievement of students.

ASSESSMENT (CONTINUED)

EDUCATION AREAS OF CERTIFICATION

A locally-selected assessment is one of the indicators used for the Future Ready PA Index's Grade 3 and/or Grade 7 Early Indicators of Success.

Future Ready PA Index's Grade 3 Early Indicators of Success – Yes

Future Ready PA Index's Grade 7 Early Indicators of Success - Yes

Describe how your LEA uses benchmark and/or diagnostic assessments in instructional practices?

The Upper Darby School District has scheduled data meetings at each level to review data. We continue to refine our data meeting process as new technological tools become available. Beginning in 2023-24, the district started using Power School: Performance Matters as the data warehouse system after the sunset of Performance Plus. Data is used to inform our MTSS groups and for goal setting at all levels with students and teachers. In addition, we use the available linking study with NWEA and HMM to support data-informed instruction and personalize student learning. Moreover, the administrative building and central teams participate in PDE-approved PVAAS training and analyze data regularly to evaluate student success, evaluate programs, and for planning purposes.

Based on the responses above, would the planning, alignment, or analysis of current LEA assessment practices be a priority in your Comprehensive Plan? No

SIGNATURE AND QUALITY ASSURANCE

EDUCATION AREAS OF CERTIFICATION

As Chief School Administrator, I affirm that this LEA's Academic Standards and Assessment Requirements (Chapter 4) Plan was developed in accordance and complies with the applicable provisions of 22 Pa. Code, Chapter 4.

Daniel P. McGarry
Chief School Administrator
