What is Positive Behavior Intervention & Support? (PBIS)

PBIS is a school-wide approach to discipline for creating a safer and more effective school. PBIS is a system approach to enhance the capacity of schools to educate all children by developing research-based, school wide, and classroom discipline systems. The process focuses on improving a school's ability to teach and support positive behavior for all students. With PBIS, instructional time is more effectively used for teaching and the overall school environment is calm and conducive to learning.

PBIS allows parents/guardians and teachers to have open communication about what is expected in all areas of the school. Our school's behavioral expectations center on the ideas of Safety, Responsibility, and Respect.

"Always do your best. What you plant now, you will harvest later."

— Og Mandino
