

ATTENTION PARENTS OF GRADUATES CLASS OF 2019

We apologize for the disappointing news regarding diploma picture included in the graduation letter you received yesterday. The cost of having photographers present for these pictures far exceeds the number of packages sold. Only 28 parents purchased these packages last year, causing Lifetouch to discontinue this service. Due to community feedback, Lifetouch has agreed to continue photographing our students receiving their diploma. Please consider purchasing this picture, as this is a service provided by Lifetouch. Information will be included in the graduation program and through email communication. Thank you for your continued involvement and support.
