The policy in its entirety can be found on the district website along with administrative regulations, if applicable.

121. FIELD TRIPS

The Board recognizes that field trips, when used for teaching and learning integral to the curriculum, are an educationally sound and important component of the instructional program of the schools. Properly planned and executed field trips can:

127. ASSESSMENT SYSTEM

The Board recognizes its responsibility to develop and implement an assessment plan that will determine the degree to which students are achieving academic standards and provide information for improving the educational program.

The Board shall approve an assessment system for use in district schools to assess individual attainment of state and local academic standards, and to identify those students not attaining academic standards and provide

assistance. The Board shall approve an assessment system at least once every six (6) years, which shall be implemented no later than one (1) year after the approval date.

The Board reserves the right to review district assessment measures and to approve those that serve a legitimate purpose without infringing upon the personal rights of the students or parents/guardians.

The Board directs the Superintendent or designee to grant requests by parents/guardians to determine whether the state assessments conflict with the parents'/guardians' religious beliefs. Parent/Guardian requests shall be submitted at least two (2) weeks prior to the administration of state assessments. The district shall ensure the security of the assessment documents. <http://www.pacode.com/secure/data/022/chapter4/s4.4.html>

The goal of the LIEP shall be to demonstrate success in increasing English language proficiency and student

academic achievement so that EL students can attain the academic standards adopted by the Board and achieve academic success. EL students shall be identified, assessed and provided appropriate instruction in accordance with the LIEP, and shall be provided an equitable opportunity to achieve their maximum potential in educational programs and extracurricular activities, consistent with federal and state laws and regulations.

The Board shall approve a LIEP to provide English Language Development instruction (ELD) to EL students as part of the approved curriculum, in order to develop the English language proficiency of EL students. The district shall provide EL students with both planned ELD instruction and modifications in content instruction and assessments for all curricular areas, based on the provisions of the LIEP. The LIEP shall be thoughtfully and deliberately planned and evaluated in accordance with state and federal laws and regulations, and shall meet the needs of the district's EL students. The Board directs the LIEP to be evaluated for effectiveness based on student outcomes at least annually, and the results documented in accordance with state and federal laws and regulations, and state guidelines.

The district's LIEP and evaluation results of the LIEP shall be made available to district staff working with EL students and parents/guardians of EL students.

The Board may address EL students and programs in the district's comprehensive planning process.

The policy in its entirety can be found on the district website along with administrative regulations, if applicable.

The equivalent distribution of district resources is one means the district shall use to ensure all students receive a quality education. This policy demonstrates the district's commitment to ensure that no discrimination occurs in the distribution of resources funded by state and local sources, regardless of the receipt of federal funds.

The Board directs that each district school receiving Title I funds must use state and local funds to provide services that, taken as a whole, are at least comparable to services in those schools in the district that do not receive Title I funds.

If all schools in the district receive Title I funds, the Board directs that state and local funds shall be used to provide services that, taken as a whole, are substantially comparable in each school.

The Board acknowledges that comparability may be measured on a grade-span by grade-span basis or a school-by-school basis.

The policy in its entirety can be found on the district website along with administrative regulations, if applicable.

200. ENROLLMENT OF STUDENTS

The Board shall enroll school age students eligible to attend district schools, in accordance with applicable laws and regulations, Board policy and administrative regulations.

Visitor - a parent/guardian, adult resident, educator, official or other individual who is not a school employee or independent contractor, and who visits a school or attends or participates in an event or activity at a school, but whose role is less substantial than would be sufficient to meet the definition of volunteer for purposes of this policy.

Volunteer – is an adult, whose role is more than that of a visitor, who voluntarily offers a service to the district without receiving compensation from the district. A volunteer is not a school employee.

The two (2) classifications of volunteers are:

1. Position Volunteer - an adult applying for or holding an unpaid position with a school or a program, activity or service, as a person responsible for the child's welfare or having direct volunteer contact with children.

Examples include, but are not limited to, field trip chaperons, tutors, coaches, activity advisor, recess or library aides, etc.

2. Guest Volunteer - an adult who voluntarily provides a service to the district, without compensation, who: (1) works directly under the

supervision and direction of a school administrator, a teacher or other member of the school staff; and (2) does not have direct volunteer contact. Examples include, but are not limited to, volunteering to assist in classroom celebrations, school assemblies, or school concerts; reading to students; collecting tickets at sporting events; working concession stands; participating in “Career Day,” etc.

The policy in its entirety can be found on the district website along with administrative regulations, if applicable.

918. TITLE I PARENTAL INVOLVEMENT

The Board recognizes that meaningful parent and family engagement contributes to the achievement of state academic standards by students participating in Title I programs. The Board views the education of students as a cooperative effort among the school, parents and family members, and community.

Parent and Family (Family Member) - these terms are used interchangeably and shall include caregivers, a legal guardian or other person standing in loco parentis such as a grandparent or stepparent with whom the child lives, a person who is legally responsible for the child's welfare, or a legally appointed Education Decision Maker of a child participating in a Title I program.

The Board directs the district and each of its schools with a Title I program to:

1. Conduct outreach to all parents and family members.
2. Include parents and family members in development of the district's overall Title I Plan and process for school review and improvement.

3. Include parents and family members in the development of the Title I Parent and Family Engagement Policy. Following adoption of the policy by the Board, the policy shall be:

The policy in its entirety can be found on the district website along with administrative regulations, if applicable.

ANNUAL NOTIFICATIONS – FERPA/COPPA/AHERA/EMERGENCY ADMINISTRATION OF EPINEPHRINE

NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY AND SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the Upper Darby School District receives a request for access.

Parents or eligible students should submit to the school principal written request that identifies the records they wish to inspect. The records can be accessed by completing 216-AR-1. Authorization for Disclosure of Information. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the Upper Darby School District to amend a record should write the school principal and clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or

support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Upper Darby School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets

certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student –

- To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student's State (SEA). Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or

State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to §99.38. (§99.31(a)(5))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))

- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))
- Information the school has designated as “directory information” under §99.37. (§99.31(a)(11))

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) NOTICE FOR DIRECTORY INFORMATION

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Upper Darby School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, Upper Darby School District may disclose appropriately designated “directory information” without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Upper Darby School District to include this type of information from your child’s education records in certain school publications. Examples include:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture

class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent. ¹

If you do not want Upper Darby School District to disclose directory information from your child’s education records without your prior written consent, you must notify the District in writing by September 15, annually. Upper Darby School District has designated the following information as directory information:

- Student’s name**
- Address**
- Telephone listing**
- Electronic mail address**
- Photograph**
- Date and place of birth**
- Major field of study**
- Dates of attendance**
- Grade level**
- Participation in officially recognized activities and sports**
- Weight and height of members of athletic teams**
- Degrees, honors, and awards received**
- The most recent educational agency or institution attended**

CHILDREN’S ONLINE PRIVACY PROTECTION ACT (COPPA)

In order for the Upper Darby School District (UDSD) to provide your student with the most effective web-based tools and applications for learning, we need to abide by federal regulations to make you aware of the following: UDSD utilizes several computer software applications and web-based services, operated not by UDSD, but by third parties. These include but are not limited to: Google, Naviance, Study Island, Sumdog, Dreambox, MAP, ThinkCentral, (GoMath)/Storytown, Schoology, MY HRW, Read 180, Gale Resources and similar educational programs. In order for our students to use these programs and services, certain personal directory information, generally the student’s name, username or user ID, must be provided to the web site operator for login purposes. Under federal law, these websites must provide parental notification and obtain parental consent before collecting personal information from children under the age of 13.

The law permits schools such as the UDSD to consent to the collection of directory information on behalf of all of its students, thereby eliminating the need for individual parental consent given directly to the web site operator. By allowing your student to use the Upper Darby School District’s internet, computers or other electronic devices, or network resources, or allowing your student to use their own personal electronic device (e.g. smart phone, cell phone, laptop, tablet, etc.) for school purposes or other purposes, you are consenting to allow UDSD to provide personal directory information for your child consisting of student name, username, or user ID to the following web-operators including but not limited to: Google, Naviance, Study Island, Sumdog, Dreambox, MAP, ThinkCentral, (GoMath)/Storytown, Schoology, MY HRW, Read 180, Gale Resources, and to the operators of any additional

web-based educational programs and services which the UDSD may add during the upcoming academic year.

Acceptable Use of Internet, Computers, And Network Resources

By allowing your student to use the Upper Darby School District's internet, computers or other electronic devices, or network resources, or allowing your student to use their own personal electronic device (e.g. smart phone, cell phone, laptop, tablet, etc.) for school purposes or other purposes, you acknowledge the following:

- It is the parent/guardian's duty to review with their child Policy 815 Acceptable Use Of Internet, Computers, And Network Resources Policy. Policy 815 can be found at any time on the District's website (www.upperdarbysd.org- School Board- Policies.)
- The parent/guardian acknowledges that access is designed for educational purposes and that the district has taken precautions to filter access to inappropriate material by minors; however, the parent/guardian further acknowledges that it is impossible for the district to restrict access to all controversial and inappropriate materials.
- The parent/guardian holds harmless the district, its Board members, employees and agents for any harm caused by materials obtained via the district's Internet, computers or network resources, including through the use of your student's personal electronic device.
- The parent/guardian accepts full responsibility for supervision if and when their child's use is not on school property.
- The parent/guardian hereby requests that his/her child be allowed access to the district's Internet, computers and network resources.

For more information regarding COPPA and Acceptable Use of Internet, Computers, And Network Resources, please see the following page on the district's website under the Technology Department.

ASBESTOS HAZARD EMERGENCY RESPONSE ACT (AHERA) NOTIFICATION

In the past, asbestos was used extensively in building materials because of its insulating, sound absorbing, and fire retarding capabilities. Virtually any building constructed before the late 1970s contained some asbestos. Intact and undisturbed asbestos materials generally do not pose a health risk.

Asbestos materials, however, can become hazardous when, due to damage or deterioration over time, they release fibers. If the fibers are inhaled, they can lead to health problems, such as cancer and asbestosis.

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which requires schools to be inspected to identify any asbestos containing building materials. Suspected asbestos-containing building materials were located, sampled (or assumed) and rated according to condition and potential hazard. Every three years, Upper Darby School District has conducted a reinspection to determine whether the condition of the known or assumed asbestos containing building materials (ACBM) has changed and to make recommendations on managing or removing the ACBM. At the last reinspection conducted on all materials listed in the Management Plan as asbestos containing (or assumed to be asbestos-containing) were inspected and generally found to be in good condition. ACM that was damaged and in need of repair/removal was identified and will be addressed by the district.

The law further requires an asbestos management plan to be in place by July 1989. Upper Darby School District developed a plan, as required, which has been continually updated. The plan has several ongoing requirements: publish a notification on management plan availability and the status of asbestos activities; educate and train its employees about asbestos and how to deal with it; notify short-term or temporary workers on the locations of the asbestos containing building materials; post warning labels in routine maintenance areas where asbestos was previously identified or assumed; follow set plans and procedures designed to minimize the disturbance of asbestos containing building materials; and survey the condition of these materials every six months to assure that they remain in good condition. During the past year, asbestos containing building materials have been removed, encapsulated, or enclosed in the following buildings: Aronimink Elementary School, Bywood Elementary School, Garrettford Elementary School, Highland Park Elementary School, Hillcrest Elementary School, Primos Elementary School, Stonehurst Hills Elementary School, Westbrook Park Elementary School, the Kindergarten Center, Beverly Hills Middle School, Drexel Hill Middle School, Upper Darby High School, and the Gulf Building.

It is the intention of Upper Darby School District to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work. You are welcome to review a copy of the asbestos management plan in school district administrative office or administrative office of the school during regular business hours. All inquiries regarding the asbestos plan and asbestos-related issues should be

directed to the Upper Darby School District Board Secretary, Patrick A. Grant, at (610) 789-7200 ext. 3231.

ASBESTOS HAZARD EMERGENCY RESPONSE ACT (AHERA) NOTIFICATION LETTER TO PARENTS

The Upper Darby School District uses an Integrated Pest Management (IPM) for managing insects, rodents, and weeds. Our goal is to protect every student from pesticide exposure by using an IPM approach to pest management. Our IPM program focuses on making the school buildings and grounds an unfavorable habitat for these pests by removing food and water sources and eliminating their hiding and breeding places. We accomplish this through routine cleaning and maintenance. We routinely monitor the school buildings and grounds to detect any pests that are present. The pest monitoring team consists of our building maintenance, support, and teaching staff and includes our students. Pest sightings are reported to our IPM Coordinator who evaluates the pest problem and determines the appropriate pest management techniques to address the problem. The techniques can include increased sanitation, modifying storage practices, sealing entry points, physically removing the pest, etc.

From time to time, it may be necessary to use chemicals to manage a pest problem. Chemicals will be used only when necessary and will not be routinely applied. When chemicals are used, the school will try to use the least toxic products when possible. Applications will be made only when unauthorized persons do not have access to the area(s) being treated. Notices

will be posted in these areas seventy-two (72) hours prior to application and for two (2) days following the application.

If a chemical application must be made to control an emergency pest problem, notice will be provided by telephone to any parent/guardian who has requested such notification in writing. Exemptions to this notification include disinfectants and antimicrobial products; self-contained baits placed in areas not accessible to students; gel-type baits placed in cracks, crevices or voids; and swimming pool maintenance chemicals.

If you have any questions, please contact Joseph Hughes, IPM Coordinator, at (610) 352-7111 or jhughes@upperdarbysd.org.

EMERGENCY ADMINISTRATION OF EPINEPHRINE

In accordance with the Pennsylvania Public School Code provisions on “School Access to Emergency Epinephrine” and Board Policy 210 and 210.1, the Upper Darby School District maintains a stock supply of epinephrine auto-injectors in each school building (stock epinephrine auto-injectors). An auto-injector prefilled with epinephrine is the drug of choice used for the emergency treatment of severe allergic reactions (anaphylaxis) to insect stings or bites, foods, drugs, and other allergens. If your child has been diagnosed with an allergy or health condition that requires use of epinephrine, it is still your responsibility to provide your child’s prescribed medication to the school nurse.

The law and Board Policy 210 and 210.1 give trained school employees the authority to administer epinephrine to any student whom they believe in good faith is experiencing anaphylaxis. In the event that a student who does not have epinephrine is experiencing an anaphylactic reaction, a trained

school employee may use the stock epinephrine auto-injector in accordance with the standing order issued by the school physician or provide the student with a stock epinephrine auto-injector for self-administration.

By law, the Upper Darby School District is required to notify parents/guardians of their ability to exempt their children from emergency administration of stock epinephrine auto-injectors. If you wish to opt your child out of being provided stock epinephrine auto-injectors in the event of an emergency, please contact your child's school nurse to obtain the appropriate form.

BUS TRANSPORTATION

School bus stops will be at locations established by the administration in accordance with Board Policy and the Public School Code of 1949, as amended. Transportation will be provided only to and from the established bus stop for the residence of qualified students and will not be provided to babysitters, day care providers, relatives, etc. Students who ride the bus are expected to:

- Follow the bus driver's directions at all times
- Remain seated and facing forward
- Speak in a quiet and kind way
- Refrain from extending or throwing anything outside the bus
- Refrain from bringing anything on the bus other than school-related items
- Refrain from creating any damage to the bus
- Refrain from eating or drinking on the bus

A copy of the complete school bus discipline policy will be sent home at the beginning of the year for students who ride the bus. Any student engaging in offensive conduct, which includes but is not necessarily limited to the following, may lose the privilege of riding a school bus:

- Possession, sale or use of any illegal drug and/or controlled substance while on an Upper Darby School Bus
- Vandalism on an Upper Darby School Bus
- Smoking on an Upper Darby School Bus
- Transferring of bus passes
- Fighting on an Upper Darby School Bus
- Throwing anything out of a bus window

Other disciplinary penalties will be assessed for the above acts as per the disciplinary code.

It is understood that students and parents must find alternative methods of transportation if a student loses his/her bus riding privilege.

Questions and comments regarding transportation issues may be directed to the transportation department at 610-352-7112.

CODES OF CONDUCT

ELEMENTARY CODE OF CONDUCT

A formalized code of behavior exists for our elementary school students. This Elementary Code of Conduct is based on the premise that students, parents, teachers, and administrators must assume equal responsibility for establishing and maintaining acceptable behavior in the schools. The policy seeks to promote positive behavior that will enable students to achieve their potential within the most conducive atmosphere for learning. The code of conduct is based on the research in two specific areas: Positive Behavioral Interventions and Supports (PBIS) and Response to Intervention and Instruction (RtII). PBIS aims to prevent inappropriate behaviors through the teaching and reinforcing of appropriate behaviors. It is consistent with the core principles of RtII in that it offers a range of interventions that are systematically applied to students based on their levels of need. PBIS, like RtII, is grounded in differentiated instruction. Both approaches establish components at the universal (Tier 1), targeted group (Tier 2) and the individual (Tier 3) levels.

The Elementary Code of Conduct is as follows:

The following is not intended to be inclusive of all acts of misconduct. Repeated instances of any misbehavior listed increase the punishment at the discretion of the administrator involved. Any disruption to the educational process will be treated as a violation of the Elementary School Discipline Policy. When students are assigned a teacher/administrative detention, they are required to serve that detention instead of any other school activity. Suspensions are in effect the full 24 hours of each day the student is suspended. When suspended, the student is considered trespassing if on any school district property. These Administrative Guidelines are in no way intended to diminish the authority of the School District to refer a pupil to a due process hearing under Policy 233.

Level I (Tier I) - Behaviors that impede orderly classroom procedure.

The following list indicates the types of interventions and replacement behavior strategies that staff may implement to provide support and address violations:

Parent Letter with Discipline Update; Replacement Behavior Detention; Letter of Apology; Parent Conference, Student Teacher Conference, Conflict Resolution Meeting; Restorative Practice Questions, Morning Meeting Discussion of school/class rules; Review Pillars of Community; Office Time Out With Work; Review of Code of Conduct; Stop and Think; Check In Check Out; Truancy Elimination Meeting.

HIGH SCHOOL CODE OF CONDUCT

Philosophy

Consistent with Upper Darby School District Goals, the goal of Upper Darby High School's Code of Conduct is to instill in each student an awareness of and respect for the rights of other students, parents and staff. Such awareness shall include proper respect of constituted authority, conformity to school rules and regulations, and such provisions of the law as shall apply to student conduct.

Citizenship in a democracy requires respect for the rights of others. Student conduct shall reflect consideration for the rights and privileges of others and shall exhibit cooperation with all members of the school community. High personal standards of courtesy, decency, morality, clean language, honesty and wholesome relationships with others shall be encouraged. Respect for real and personal property, pride in work, and achievement consistent with one's ability shall be expected of all students.

Student Rights

Resident students have the right to a free, appropriate public education until age 21 or graduation from Upper Darby High School, whichever occurs first. In cases where discipline is being considered, each student will have a fair chance to have his/her side of a controversy considered.

The Upper Darby School District does not discriminate against any student on the basis of race, creed, handicap, nationality, or sex. If there are any concerns regarding such matters, they should be referred to the student's teacher or guidance counselor. If the concern cannot be resolved at this level, the building administration can be asked to participate in resolving the problem. In line with school district organization, the Superintendent can be involved in any matter not resolved at the building level.

This Code of Conduct has been prepared in accordance with Local, State and Federal laws, which define student rights and specify the need for a comprehensive discipline policy. Special Education students are subject to all parts of the Code of Conduct. The District complies with all aspects of the Individuals with Disabilities Education Act and Pennsylvania Department of Education Special Education Regulations.

Responsibilities of the Student

Student responsibilities include regular school attendance, conscientious effort in classroom work, and conformance to school rules and regulations. Most of all, students share with the administration and faculty a responsibility to develop a climate within the school that is conducive to wholesome learning and living.

No student has the right to interfere with the education of his fellow students. It is the responsibility of each student to respect the rights of

teachers, administrators, fellow students and all others who are involved in the educational process.

Students should express their ideas and opinions in a respectful manner.

It is the responsibility of each student to conform with the following:

- Be aware of all rules and regulations for student behavior and conduct one's self in accordance with them. The student should assume that, until a rule is waived, altered or repealed in writing, it is in effect.
- Be aware of and utilize digital resources such as Student Access Center and Schoology to obtain and complete school work in the event of an absence.
- Volunteer information in matters relating to the health, safety and welfare of the school community and the protection of school property.
- Dress and groom to meet fair standards of safety and health, and not to cause substantial disruption to the educational processes.
- Assist the school staff in operating a safe school for all students, staff, and visitors.
- Comply with Commonwealth and local laws.
- Exercise proper care when using public facilities and equipment.
- Attend school daily and be on time at all classes and other school functions.
- Make up work for absences from school.
- Pursue and attempt to complete satisfactorily the courses of study prescribed by Commonwealth and local school authorities.
- Exhibit courtesy and abstain from the use of indecent or obscene language.

- Explain the school rules to their children
- Become involved in all aspects of the student's school life.
- Take an interest in the courses taken, the texts and materials used, the lessons studied, the homework assigned, the rosters, and the results of standardized and teacher constructed tests.
- Maintain contact with the school.
- Monitor student employment hours and practices to insure maximum academic performance.
- Encourage participation in a wide range of school activities.

Responsibilities of the Faculty

Since the faculty has the primary contact with the student body, enforcement of the discipline policy rests principally with the staff. All High School Personnel have the obligation to:

- Familiarize them with the Code of Conduct.
- Enforce the discipline policy consistently, regardless of any personal philosophical disagreements with it.
- Comply with related policies as detailed in the Upper Darby High School Faculty Handbook.

Searches

School authorities may search the person, the possessions of, and/or the locker assigned to any student. School authorities may take temporary possession of and safeguard any materials, which are considered to be evidence of the commission of an offense or of other improper activity. In general, searches should be based on reasonable suspicion that material will be produced, which evidences the violation of the Upper Darby High School Code of Conduct and/or a violation of applicable law, statute, or

regulation. Prior to an individual locker search, the student shall be notified and be given an opportunity to be present. However, when school authorities have a reasonable suspicion that a locker contains materials which pose a threat to the health, welfare or safety of the school population, student lockers may be searched without prior warning.

Custody and control of student lockers are shared jointly by the Upper Darby High School and the assigned student(s). Although students have a legitimate expectation of privacy in a school locker, the expectation should be minimal. Under certain circumstances, the interests of the Upper Darby School District to search a locker or lockers will clearly outweigh the intrusion into the privacy rights of students.

Deterring drug possession and use is a compelling concern for school officials. Appropriate searches are permissible to both discover the evidence of drugs within the school and to warn students that bringing drugs to school will not be tolerated. Canine sniff searches will be used to minimize the intrusiveness of any mass or school-wide search.

Physical Restraint

Physical restraint may be used for, but not limited to, the following reasons: defense of self or others, removal of students from the educational setting, or detaining a student while awaiting the arrival of school administrators or police.

- Smoking on an Upper Darby School Bus
- Transferring of bus passes

Other disciplinary penalties will be assessed for the above acts as per the disciplinary code.

It is understood that students and parents must find alternative methods of transportation if a student loses his/her bus riding privilege.

Controlled Substances/Paraphernalia

The Upper Darby School District acknowledges the need to recognize the problem

of substance use on a District-wide basis as it presents barriers to a student's school success and the need to take appropriate measures to prevent the problem of substance use.

The Policy in its entirety can be accessed from the District's website.

Unlawful Harassment

The board strives to provide a safe, positive learning climate for students in the schools. Therefore, it shall be the policy of the district to maintain an educational environment in which harassment in any form is not tolerated.

The Board prohibits all forms of unlawful harassment of students by all district students and staff members, contracted individuals, vendors and volunteers in the schools. The Board encourages students who have been harassed to promptly report such incidents to the designated employees.

The Board directs that complaints of harassment shall be investigated promptly, and corrective action be taken when allegations are substantiated. Confidentiality of all parties shall be maintained, consistent with the district's legal and investigative obligations.

Neither reprisals nor retaliation shall occur as a result of good faith charges or harassment.

CREATIVE WORK, INTERNET/WEBSITE, SOCIAL MEDIA, TELEVISION, PUBLICATIONS, AND BULLETIN BOARDS NOTICE

One of the goals of our educational program is for our students to become competent and effective writers. Educational research shows that one way to help students reach this goal is to provide them with student models of good writing. These models help students by giving them examples that they can study and emulate. The District may share your child's writing with his/her peers for instructional purposes. Additionally, we would like to share appropriate pieces with the teaching staff for use in professional development. Student work, including but not limited to writing, art, and other projects, may be submitted to District-wide and/or outside contests.

We use bulletin boards, banners, publications, television, the Internet, the district website, and social media as tools to keep parents informed and to allow the community to see the wonderful programs, activities, and education Upper Darby has to offer. We would like to recognize student achievement and highlight District programs and activities in the District's publications, on the District's cable television channel, on the District's website, and through the District's social media platforms. Students' pictures and/or work, including identifying information, may be posted on the UDSD website, UDSD social media platforms and UDSD cable channel, or may be used in any of the District's publications. We may also like to share appropriate work and pictures with local print publications and television networks.

Any objection to the use of your child's photo or work for the above-described reasons must be submitted in writing annually to your school's principal.

CURRICULUM RELATED FIELD TRIP NOTICE

Several grade levels participate in field trips during the school year that are directly related to our curriculum. Classroom teachers will send home information about these trips. Individual classroom field trips are the responsibility of each teacher, and will be scheduled by the teacher. You will receive individual permission slips for these trips.

DISTRICT COMMUNICATION

The District uses a variety of communication tools to inform families of emergency school closings, news and events in our schools and community, and other important district information.

PARENTLINK – VOICE AND EMAIL MESSAGES

We will communicate emergency messages to staff and families by way of this voicemail system. Accurate phone numbers are critical for this system to work properly. Changes in phone numbers (home, mobile, and business) must be processed through the Central Registration Office (610-352-2400) and also be sent to the schools. We will communicate school and district information by way of this email system. Changes to email addresses can be done by parents through the Home Access Center (HAC). All parents received log in credentials for HAC via email. If a parent needs log in credentials or has difficulty accessing the HAC, he/she should contact his/her child's school office or send an email to parentportal@upperdarbysd.org. Up to date information is essential, especially in handling emergency situations.

CABLE CHANNEL

We will communicate general school and district information to staff and families by way of the District's cable channel. The channel can be accessed on Channel 11 (Comcast), Channel 51 (RCN), and Channel 20 (Verizon FIOS).

WEBSITE

We will communicate emergency messages, as well as general school and district information, to staff and families by way of the District's website. The website's address is www.upperdarbysd.org.

SOCIAL MEDIA

We will communicate emergency messages, as well as general school and district information, to staff and families by way of the District's social media platforms: Facebook (Upper Darby School District) and Twitter (UpperDarbySD).

VIDEO

General school and district videos can be found on the district website.

MOBILE APPLICATION

We will communicate general school and district information to staff and families by way of the District's mobile app (Upper Darby SD).

WEDNESDAY FOLDERS

We will communicate general school and district information to families by way of the electronic Wednesday Folders in the elementary, middle, and high schools. Weekly communication will be sent via email. The policy and administrative regulation for distributing materials through Wednesday Folders and other District communication sources (# 913-1) can be found on Board Docs.

DRESS CODE

The reasons for this dress policy include, but are not necessarily limited to:

1. Promotion of unity and school spirit.
2. Promotion of the development of individual discipline.
3. Promotion of civility and respect.
4. Avoidance of peer pressure regarding dress.
5. Decrease the distractions of teasing, bullying, hazing and other harassment.
6. Identification of nonresident students.
7. Reduction of cost of clothing students.

The Board has the authority to impose limitations on students' dress in school. The Board will not interfere with the right of students and their parents/guardians to make decisions regarding their appearance, except when their choices disrupt the educational program of the schools or constitute a health or safety hazard.

The Board shall require students to wear standard dress or uniforms, which may be required district-wide or by individual schools.

Students may be required to wear certain types of clothing while participating in physical education classes, technical education, extracurricular activities, or other situations where special attire may be required to ensure the health or safety of the student.

The building principal or designee shall be responsible to monitor student dress and grooming, and to enforce Board policy and school rules governing student dress and grooming.

The Superintendent or designee shall ensure that all rules implementing this policy impose only the minimum necessary restrictions on the exercise of the student's taste and individuality.

Staff members shall be instructed to demonstrate, by example, positive attitudes toward neatness, cleanliness, propriety, modesty, and good sense in attire and appearance.

All students shall be subject to this dress code. Students must report to school on a daily basis attired in compliance with the provisions of this policy. There is to be no changing of clothes in school or on any school property prior to the beginning of the school day or at the end of the school day.

Attire: Acceptable dress must be appropriately sized and must conform to the following requirements:

1. Top:

- a. A collared polo shirt must be worn at all times. Either long sleeve or short sleeve is permitted.

Such parents/guardians shall be afforded the opportunity of meeting with the building principal or designee to discuss their concerns and reasons for noncompliance. Waiver petitions are to be entertained which will excuse the student from wearing the prescribed dress code, but will ensure compliance with an alternative dress code.
- b. Any parent/guardian seeking an exemption from the prescribed dress code must complete the appropriate form and must schedule a meeting with the student's building principal or designee.

2. Administrator Options:

HEALTH NOTICE

As part of our District health curriculum, your child will be studying a number of different units including the units listed below:

- Personal Hygiene/Disease Prevention (Germs, Health Maintenance, Aids, Health Habits, Etc.)
- Refusal Skills

The District is aware of the sensitive nature concerning the body's defenses and information concerning AIDS. Questions and discussion about the sexual transmission of the HIV virus that causes AIDS, including questions presented by the students themselves, and other related information, will be referred to the home and parent.

If you have specific questions regarding the AIDS unit or the health curriculum, please contact the principal's office.

HOMEBOUND PUPILS

Qualified teachers are provided to give instruction to children who are unable to attend school because of an extended illness. Contact the school principal if you should need information.

HOMEWORK GUIDELINES

There are two main purposes for homework:

1. To practice or apply what has been learned in class.
2. To learn and work independently.

Parents can help by providing a quiet study area, providing a daily, uninterrupted amount of time for homework to be completed, and helping with, but not doing, the homework.

Upper Darby School District has standardized Homework Guidelines for elementary and middle school:

IN SCHOOL CELEBRATIONS

The District's Wellness Committee has discussed ways in which parents/guardians can have a positive effect on our children's nutrition and eating habits while they are in school. While the District appreciates the wish to recognize children's birthdays and other celebrations by bringing in treats to share with the class, the following guidelines have been established:

1. Treats should only be brought in when requested for scheduled parties. Permitted foods for parties may vary from classroom to classroom based upon student health issues.
2. Scheduled parties will be announced through newsletters or letters sent home.
3. Treats will be served after the lunch period or at the end of the day, when possible.
4. Parents are encouraged to ask teachers to consider hosting a fun activity that does not involve food, such as reading a special book to

students or playing a special game with students in celebration of a child's birthday.

Teachers must be contacted in advance of bringing in any food or non-food items for a birthday celebration.

For those who wish to send in a treat in recognition of a child's birthday, please consider the following:

- Donating a book to the class library in the name of a child
- Donating a piece of sports equipment for outdoor recess
- Donating a class game or craft for indoor recess
- Cut up fruit and vegetables with low-fat dressing or yogurt dip
- Non-food treats such as pencils, erasers, notebooks, or small toys for each student
- Healthy food alternatives as found at: <http://school-bites.com/healthy-classroom-parties>

PARENT CONCERNS

For the most part, the school experience runs smoothly. However, there may be a time when a concern or issue arises that creates a disruption to the normal educational cycle. When a problem surfaces in the classroom, following proper and appropriate procedures will enhance the potential of reaching a resolution. Parents are encouraged to review the steps below and follow them to address any conflict that may arise.

Step One—The first step in dealing with a classroom issue should be to discuss the matter with the classroom teacher. Our teachers are responsible professionals who are interested in the education of your child. While

REGULAR communication can help to prevent problems from arising, most issues can be and should be resolved at the classroom level. The teachers are there for your child. They appreciate and welcome a continual communication flow.

Step Two—There may be an instance where a classroom issue does not get resolved at Step One. In this case, parents are free to contact the building principal (or assistant) for an appointment. Based on the assumption that all parties want what's best for the child, this conference can be thought of as a team effort to resolve the issue. More often than not, the perspective of the administrator coupled with input from the parent and the teacher will yield an amicable and satisfactory resolution. It is important that the parent always thinks of the school and home as **WE** not **US** against **THEM**. Negative thinking places roadblocks in the way of progress and generates an inability to solve anything. Remember, we are all in education together!

Step Three—On rare occasions, a concern or issue may not be resolved at Step Two. In that case, you are encouraged to speak with the Assistant Superintendent for Curriculum and Instruction. This person is the educational leader for the district and serves to supervise all those that contribute to that program. Depending upon the issue, you may first be directed to District Directors of Special Education, Curriculum or Pupil Services to assist you in dealing with the matter. Then, if the issue remains unresolved, the Assistant Superintendent may speak with you. Keep in mind that this is a serious step. In calling, you are stating that you have been unable to resolve the issue thus far. Also, keep in mind that while your side of the story will be heard, so will the principal's side. The Assistant Superintendent for Curriculum and Instruction sits as an **objective party**

who will analyze the issue and offer suggestions to both parties for resolution.

This is the final step in the resolution process. While parents may attempt to involve the Superintendent and/or School Board, they delegate the authority for daily operations to the Assistant Superintendent who, in turn, delegates that authority to Directors, Building Principals and Assistant Principals.

It is inappropriate to appear at a School Board meeting and discuss the details of a misunderstanding. While the Board has an interest in every child and will listen, so will the public. Student and personnel matters are regarded as confidential and will not be discussed at a general public meeting. When this does occur, the matter is actually directed back to the Assistant Superintendent for Curriculum and Instruction or to the appropriate district administrator. Therefore, it is most advisable that you settle any dispute within the three steps mentioned above.

The resolution of any matter regarding a student is taken very seriously. Having only three steps indicates to you to settle it **within** that process. Remember, as you work through any student problem, it is important that you look at **what is right** not who is right. Objective fact-finding and analysis is far superior to subjective, emotional reaction.

PARENT-TEACHER CONFERENCES

KINDERGARTEN

There will be no school for Kindergarten on November 19-21, so that parent-teacher conferences can be held.

ELEMENTARY

Conferences for grades 1 through 5 will take place on November 19-20.

There will be a 12:30_{PM} dismissal on conference days and bagged lunches will be served on those days.

MIDDLE SCHOOL

Conferences for grades 6 – 8 at both middle schools will be held on November 19-20. There will be an 11:40AM dismissal for Beverly Hills Middle School and a 12:15PM dismissal for Drexel Hill Middle School. Bagged lunches will be served on these days.

HIGH SCHOOL

A Fall Open House for grades 9 – 12 at the high school will be held on September 27th beginning at 4:30 PM.

All elementary and middle schools will be holding evening conferences in addition to the afternoon conferences. Middle School evening conferences will be held on November 19th. Elementary School evening conferences will be held on November 20st.

Conferences are an excellent opportunity to exchange information in order to support your child. Additional conferences can take place at any time during the school year. If you would like to discuss any of your child's school experiences, simply contact his or her teacher to schedule an appointment. The success of a parent-teacher conference depends upon preparation by both parties. The teacher will prepare information that will be helpful to you. Decide in advance what questions you would like to ask, pinpoint specific issues, ask your child if there is anything he/she would like you to discuss with his/her teacher, and do not hesitate to share pertinent information pertaining to home that you feel may impact your child's learning. Teachers value the interest and opinion of parents.

PROGRESS REPORTING

District staff will contact parents/guardians any time they determine contact is necessary, by telephone, email, individual conferences and/or written progress reports.

Progress reports for high school students and Interim Reports for middle school students will be sent to parents/guardians at least once during each marking period. Reports will inform parents/guardians of specific difficulties, need for improvement, suggested resources, improvements made, and outstanding achievements. If a student is failing, the teacher is required to notify the parents/guardians in a progress report/interim report. Teachers will submit to the principal a copy of all progress reports/interim reports sent to parents/guardians.

Report cards for middle and high school students will be sent home to parents/guardians at the end of each marking period. Progress Reports for elementary students will be sent home at the end of each marking period. At the elementary level, individual parent-teacher conferences will be held twice during the year. At the middle school and high school levels, teachers will arrange individual parent-teacher conferences, as necessary, as part of communication with parents/guardians. In addition, specific parent-teacher conference days may be incorporated into the district calendar. The individual conferences are to be utilized for interpreting the report card grades to parents/guardians; discussing the student's academic, social and emotional progress; and addressing any existing issues of concern.

Conference schedules are available in this District Handbook and on the District website.

Parents/Guardians will be notified no later than the end of the third quarter if there is any possibility that a student may not be promoted to the next grade.

PUBLIC SAFETY

Recognizing the ever increasing need for security in today's schools, the Upper Darby School District has embraced its responsibility to both school and community by instituting a variety of proactive security measures.

These initiatives have been designed to provide a safe and secure environment wherein students and staff can effectively pursue the

educational goals of the District. The Department of Public Safety for the Upper Darby School District works collaboratively on a daily basis with school administration, community stakeholders, and emergency responders to ensure the safety and security of our students.

The Department of Public Safety is made up of uniformed safety officers and non-uniformed staff members. We are in operation 24 hours a day, 365 days a year.

The Upper Darby School District utilizes the Raptor-V-Soft Visitor Management System. When visitors check into one of our schools, they will be asked to present a valid state-issued I.D. for entering into the system.

This will usually be a driver's license. The system has the ability to provide alerts on people who may jeopardize the safety of our campus. Visitors will then be given a visitor's badge. The badge will be worn on the outermost garment, in plain view, so school staff can identify visitors who properly checked into school. Parent and visitor cooperation is expected.

Keeping our schools safe is a constant endeavor, which requires vigilance, professionalism, and a positive attitude towards our school community. A safe school is everyone's responsibility, and we must work together to make our district a safe and positive learning experience for all our children.

SPECIAL NEEDS AND SERVICES

Upper Darby School District strives to meet the needs of all students providing a free appropriate public education. If you believe your child may have special needs and require additional services either through Special

Education, Gifted Support, or accommodations through a 504 Service Agreement, please contact your school principal.

VIDEO SURVEILLANCE NOTICE

The School Board has authorized the use of video surveillance cameras on district property, in school buildings, and on transportation vehicles. Video surveillance will be used to monitor student behavior in order to promote and maintain a safe and secure environment for all students, staff and visitors. Students, parents/guardians, staff and the public are hereby notified that the content of the surveillance system may be used in a student disciplinary proceeding. Surveillance content will be routinely erased on a periodic basis, or will be retained, if necessary, for use in a student disciplinary proceeding or other matter, as determined necessary by the district administration.

VOLUNTARY STUDENT ACCIDENT INSURANCE

Voluntary Student Accident Insurance can be purchased at any time by parents/guardians for their students. Voluntary Student Accident Insurance provides coverage for students for unexpected events that may not be covered by district insurance. Information regarding Voluntary Student Accident Insurance, including the types of coverage options, description of benefits, policy exclusions and enrollment forms can be found on the district website.

VOLUNTEERS IN SCHOOLS

Upper Darby School District values parent and community volunteers as partners in the educational process. In an effort to keep our children safe and be compliant with state and federal law, the district has adopted policy and administrative regulations for volunteers working with our students.

Volunteers are categorized below. If type of volunteer is not included, mark “yes” if volunteer will be providing the service and “no” if volunteer will not be providing the service:

All required criminal history reports and child abuse clearances shall be provided in the form and manner proscribed by law and must not be dated more than (1) year prior to the date of the approval of the appropriate administration official designated in this policy. Once obtained, volunteers shall only be required to resubmit criminal history reports and clearances every three (3) years, unless the volunteer has a break in service due to an un-enrollment in the District. A return to service after a break in service due to un-enrollment shall require the submission of new reports/clearances even if three (3) years have not elapsed. All volunteers shall be required to complete a Raptor scan (or other such building level security program as it may exist) annually. All volunteers shall be required to report to the building principal within seventy-two (72) hours any arrest or conviction of an offense listed in Section 111(e) or (f.1) that occurs after submission of the required clearances or Raptor scan (or other such building level security program as it may exist). The PDE Form 6004 (Arrest or Conviction Report) shall be used to report these arrests or convictions to the building principal. The building principal shall immediately advise the Superintendent of receipt of such a form. If a volunteer does not fit the criteria of the requirement to submit clearances as described above, the volunteer is required to complete a Raptor scan each time they enter the building (or other such building level security program as it may exist).

Those interested in serving as volunteers in our schools should contact their building principals and complete and submit the 916 AR-1 Non-Staff
