

# **Pennies for Patients**

## **February 7th to February 28<sup>th</sup>**

“Pennies for Patients” is a program where students learn the importance of helping others and how they can have an impact on saving lives. Our students will collect spare change to help people with blood cancer. Classes have the opportunity to win bronze, silver or gold pennants indicating how much money they raised. The class with the most money collected wins an Olive Garden lunch!!

Plan now to clean out under the sofa cushions, your car console, the bottom of your purse, and any other place you toss change. Start searching now so you’re ready when your child’s collection box comes home.

***Thank you for your support to a good cause.***
