Preschool classes - Fall 2021

(All Class are subject to CDC & District COVID Restrictions)

Full Day Session: 10:00AM - 2:30PM

Under the direction of Upper Darby teachers, 11th & 12th-grade high school students enrolled in Preschool Practicum and interested in studying the development of 3 to 5-year-old children, plan and present lessons appropriate for preschool-age children. Lessons include a theme with circle time activities, storytime, fingerplays, songs, counting and letter recognition, free play, and 4 field trips per year. Our program is known for its ability to provide quality one-on-one guidance to preschool children.

Pending CDC Guidelines, Classes will run 3 days per week from mid-September through May. We take a one-month break over the winter season. The cost is \$12 per day.
