## Introduction

Upper Darby School District (UDSD) is committed to providing a comprehensive and challenging educational program that encourages all learners in a safe environment to respect others, value education, and appreciate and contribute to their community as confident, independent thinkers.

Given the uncertainty concerning the ongoing impacts of the COVID-19 pandemic, UDSD will provide an inclusive and equitable virtual learning environment to begin the 2020-2021 academic year. This plan is designed to continue our students' education as closely-aligned to that which they would experience in the classroom, for as long as it is necessary, to maintain student and staff safety.

## Glossary of Key Terms

**ASYNCHRONOUS LEARNING:** When learners engage in online learning activities independently, at different times and in different locations.

**ENGAGEMENT:** Learners who are actively participating in all aspects of learning.

**GOOGLE MEET:** The virtual classroom tool that is used to facilitate synchronous learning. Learners attend synchronous learning sessions/lessons.

**SCHOOLGY:** The learning management system that is used by UDSD.

**SKINNY(IES) - High School only: Skinny #1, Skinny #2, Skinny #3, Skinny #4:** The AP skinny, reading and math intervention, incomplete course make-ups, keystone remediation, social skills, and select music courses will be rostered during this time. The term "skinny" refers to ½ of a block course or period, in the traditional brick and mortar schedule. The virtual model does not include a full 79-minute block, but requires certain courses to run during that time.

**SYNCHRONOUS LEARNING:** When learners engage in an online learning course at the same time (simultaneously) but in different locations. Synchronous learning allows learners to interact with the instructor and other participants.

## A day in the life of an UDSD student as a virtual learner

### ELEMENTARY: GRADES K-5

Our intent is to provide as robust synchronous (a group of students engaging in a virtual learning environment at the same time with a teacher) and asynchronous (virtual learning that will be completed independent of the teacher) virtual education plan as possible for our K-5 students. **All elementary students will still be assigned to a cohort (AM or PM), even in the fully virtual model.** Adult support may be necessary to assist the students with their schedules, setting up a workstation, accessing the live teaching sessions, and navigating our Learning Management System (Schoology) to complete the asynchronous assignments. Teachers will spend a considerable amount of time at the start of the school year showing the students how to use these tools on their own in order to decrease the amount of adult support needed throughout the school day. **All students will start each virtual school day by accessing their courses on Schoology. All Google Meet links for synchronous instruction will be found on the Schoology page.** No additional homework will be assigned at this time.

### **Kindergarten:**

The UDSD Kindergarten program will remain a half-day program. At the Kindergarten level, students will participate in 2.5 hours of Direct Synchronous Instruction in the areas of Mathematics and ELA using Google Meet, a virtual classroom platform. There will also be opportunities for students to interact with classmates, build classroom community, and take movement/brain breaks during the live sessions. Students in the AM session will begin synchronous instruction at 8:30 AM and will end at 11:00 AM. Students in the PM session will begin Synchronous instruction at 1:00 PM and will end at 3:30 PM.

### **Grades 1-5**

Upper Darby School District will engage our students using a balance of synchronous and asynchronous learning opportunities in Grades 1-5. The students will participate in 2.5 hours of direct synchronous instruction in the areas of Math, ELA, and Reading using our learning management system (Schoology) and Google Meet, a virtual classroom platform. The students will also access a synchronous specials class (Art, Music, Physical Education, Library) and asynchronous Social Studies, ELA, and Math assignments on a daily basis.

**A family assigned to the AM Virtual Learning Cohort** will access the majority of their synchronous lessons with their teacher between the hours of 8:30 AM - 11:00 AM. **AM** Students will have Science / Social Studies, and Specials classes (Music, Art, P.E., and Library) synchronously and asynchronously during the afternoon between the hours of 1:00 PM - 3:30 PM.

**A family assigned to the PM Virtual Learning Cohort** will access the majority of their synchronous lessons with their teacher between the hours of 1:00 PM-3:30 PM. **PM** Students will have Science / Social Studies, and Specials classes (Music, Art, P.E., and Library) synchronously and asynchronously during the morning between the hours of 8:30 AM-11:00 AM.

## SECONDARY: GRADES 6-8

All Upper Darby School District Middle School students will be provided with a balance of synchronous and asynchronous instruction. Beverly Hills Middle School (BHMS) will begin synchronous instruction at 8:00 AM and will end at 12:22 PM. Each period will last 31 minutes. Throughout the course of the day sixth, seventh, and eighth-grade students will be provided a 31-minute brain break. BHMS students will have a 48 minute transition period from 12:22 PM to 1:10 PM which will provide them with an opportunity to go to their local Elementary School to get their lunch. BHMS students will be required to complete their asynchronous learning from 1:10 PM to 2:40 PM.

Drexel Hill Middle School (DHMS) will begin synchronous instruction at 8:30 AM and will end at 12:52 PM. Each period will last 31 minutes. Throughout the course of the day sixth, seventh, and eighth-grade students will be provided a 31-minute brain break. DHMS students will have a 48 minute transition period from 12:52 PM to 1:40 PM which will provide them with an opportunity to go to their local Elementary School to get their lunch. DHMS students will be required to complete their asynchronous learning from 1:40 PM to 3:10 PM.

The total number of instructional minutes per day, which includes both synchronous and asynchronous instruction will be 338 minutes at the Middle School level. This will exceed the Act 80 mandate of 990 hours.

## SECONDARY: GRADES 9-12

All Upper Darby High School (UDHS) students will be provided with a balance of synchronous and asynchronous instruction. Upper Darby High School students will begin their school day at 7:30 AM and will end at 2:41 PM. There will be a combination of full class periods of 45 minutes and 30-minute “skinnies.” Throughout the course of the school day, there are five-minute breaks built into the schedule and a 60-minute lunch break from 12:05 PM to 1:05 PM. That lunch break will provide students time to go to their local Elementary school to get their lunch. From 7:30 AM to 8:15 AM, all UDHS students will be required to complete asynchronous learning. Depending on the individual student schedule, it is possible that there will be other times that UDHS students will be required to complete asynchronous learning during a “skinny” period.

## Student and Family Expectations

The primary role of the parent/guardian primary is to support your child's learning and safety during the school closure.

Below are some suggestions on how to provide support during virtual instruction:

- Check district communication platforms regularly.
- Ensure your child attends synchronous (live) sessions throughout the day via the Google Meet platform.
- Establish an appropriate learning area that is quiet and free of distraction.
- Establish a routine for your child each day using the schedule provided.
- Communicate with your child's teacher or counselor if your child needs academic or emotional support.
- Encourage your child to complete assignments and submit assignments on time through the district's Learning Management System: Schoology.

## Tips for success as an online learner

- Create a designated space where you can do your school work and keep your materials
- Try to maintain a routine similar to going into the school building: know your schedule
- Try to sit in a quiet spot during virtual class instruction
- Participate in class. Be prepared and stay focused during each lesson
- Communicate with your teacher via email or Schoology with questions/concerns

# Career and Technical Education

Department of Career and Technical Education

## DCTS 2020-2021 School Year Update August 14, 2020

For the beginning of the 2020-2021 school year, DCTS is changing to a remote learning (virtual) instructional model through October 2 and then a transition to an in-person instructional model beginning on October 5.

### DCTS Opening Plan

#### 1. September 8 through October 2:

- a. **Full Remote Learning Model:** Decision based on review of current county health data, guidance from health experts, and coordination with majority of sending schools
- b. Instructional programming: OSHA, Career Guidance/Portfolio, Technical Remote Learning Modules, Theory/Knowledge related to skills to be demonstrated later through in-person learning model
- c. **School Districts Need to:**
  - i. Maintain AM and PM student schedules (as assigned by DCTS) to allow transportation to take place at beginning of October
  - ii. Must plan for daily transportation to DCTS campuses and medical careers programs to resume at beginning of October
  - iii. Hours/times for the AM/PM and medical careers sessions will be the same as the 2019-2020 school year

#### 2. October 5 Begin:

- a. **In-Person Learning Model:** In-person technical instruction for students
- b. DCTS will still have distance learning resources/programming for any student who cannot attend due to health or other issues.

3. Both of these models will have instruction taking place during the AM or PM rotation that students are scheduled. Synchronous and asynchronous instructional activities will take place.

# Technology, Instruction Support, and Materials

## DEVICES

UDSD Chromebooks will be available for ALL students. Before August 31, please pick up your laptop using the schedule via district communication platforms. After August 31, elementary (K-5) families a pickup schedule to allow for pick up at neighborhood schools once a week. Secondary (6-12) families can pick up a device any day at Upper Darby High School or Beverly Hills Middle School from 9 AM - 12 PM or 1 PM - 3 PM.

## SCHOOLGY

All online instruction, Kindergarten through grade 12, is delivered through Schoology, UDSD's Learning Management System. Teachers will communicate course information and other updates via Schoology. Report questions or problems to [familyschoologysupport@upperdarbysd.org](mailto:familyschoologysupport@upperdarbysd.org).

## GOOGLE MEET

For synchronous instruction, students are required to log in to each session using Google Meet. Google Meet is a video conferencing tool available through G Suite. A link to each synchronous session will be provided by the classroom teacher or student support staff member.

## VIRTUAL CLASSROOM ETIQUETTE

In order to promote classroom community students are strongly encouraged to keep their Chromebook camera on during synchronous instruction. If you have any questions with your child having to keep the camera on during instruction, please contact your building administrator.

## SUPPLEMENTAL MATERIALS

Students will receive instructional materials, including texts, workbooks, and manipulatives through scheduled times at each building. As curriculum resources and materials need to be updated, additional opportunities for families to receive these items will be scheduled.

## INTERNET ACCESS

Families who are experiencing difficulty with attaining internet access should contact their school counselor or social worker for support.

# INTERNET ACCESS/ PROVISIONS

## (Updated 08.14.2020)

### General Info

Learn about more resources for low-income families:

<https://www.highspeedinternet.com/resources/are-there-government-programs-to-help-me-get-internet-service>

### AT & T

Visit <https://www.att.com/internet/access/> or call **1-800-288-2020** to find out if your family is eligible and to apply.

- The Access from AT&T program provides wireline home internet to limited income households who participate in the Supplemental Nutrition Assistance Program (SNAP) or receive Supplemental Security Income (SSI) benefits in California. Qualifying families receive the maximum speed available at your address which includes a data allowance of 150GB or 1TB depending on speed available in your area. \$10 charge for each additional 50GB.

### COMCAST – Affordable Internet for Eligible Households

Visit <https://www.internetessentials.com/covid19> or call **1-855-846-8376** to find out if your family is eligible and to apply.

- New Internet Essentials customers will receive two free months of Internet service if you apply and are approved by December 31, 2020. After promotion, regular rates apply.
- For all new and existing Internet Essentials customers, the speed of the program's Internet service has increased to 25 Mbps downstream and 3 Mbps upstream.
- Households with outstanding debt owed to Comcast may be eligible for Internet Essentials. We are waiving this qualification if you apply and are approved by 12/31/20. After 12/31/20, standard eligibility rules apply.

## Xfinity Wi-Fi

Visit <https://www.xfinity.com/prepare> or call **1-800-XFINITY** to find out if your family is eligible and to apply.

- Sign up for low-income families who live in a Comcast service area has been made easier by offering new customers 60 days of complimentary Internet Essentials service (normally available to all qualified households for \$9.95/month).
- Xfinity increased Internet speeds for the Internet Essentials service from 15/2 Mbps to 25/3 Mbps for all new and existing customers, which will be the speed of the service going forward. Existing customers do not need to do anything to access the speed increase – you’ve already received it. New customers can apply by visiting [www.internetessentials.com](http://www.internetessentials.com). The accessible website also includes the option to video chat with customer service agents in American Sign Language. For additional assistance, chat through the [Xfinity Assistant](#).

## SPRINT T-Mobile

Visit <https://www.t-mobile.com/offers/deals-hub> or call **1 (800) 937-8997** to find out if your family is eligible and to apply.

- Limited time offer: Get 4 lines of unlimited and nationwide 5G access for \$25 a line

## VERIZON

Visit <https://www.verizon.com/info/low-income-internet/> or call **1-800-VERIZON** to find out if your family is eligible and to apply.

- Verizon is offering the 100% fiber-optic network for less to those who qualify. Enroll in the Lifeline Discount Program. Discounts will be applied after you place your order, once your eligibility is confirmed and received by Verizon. Customers must call 1-800-VERIZON within 90 days to receive their discounted plan and equipment credit.

###

## Learning Experiences

Upper Darby School District will engage our students through an appropriate balance of synchronous (live) and asynchronous (self-directed) learning opportunities. Students will receive direct instruction from their teachers through a virtual classroom platform and will also complete offline activities for skill application and review. Adult support will be needed to assist some learners with managing daily schedules and routines, accessing the necessary technology applications, and communicating with the teacher.

## Equity and Engagement

For our UDSD students to be successful in our virtual learning environment, they must have access to all of the resources, supports, and materials needed for learning. The district is committed to equitable access for all students and families. Once equipped with those resources, we will engage students in not only the academic components of our program, but also the social, emotional, and relational aspects of learning.

## The Educational Program

UDSD virtual learning will replicate the traditional in-person learning experience for our students to the maximum extent possible:

- Curriculum will be delivered via certified educators during instructional blocks
- Learning will be provided in synchronous and asynchronous opportunities
- Courses designed using research-based strategies
- Flexible and differentiated opportunities are provided to successfully support learning for all students
- Comprehensive programming for students with special needs
- Materials and resources provided for in-home use as needed

# Student Services

## Special Education

UDSD will continue to provide Free Appropriate Public Education (FAPE) and the provision of special education services (Individuals with Disabilities Education Act - IDEA and PA Code Title 22, Chapter 14) to support students in a virtual environment. IEP Teams will be in close contact with families to discuss schedules, supports, and changes that may be necessary for a virtual environment. We realize the impact that this may have on some students, and IEP teams will be working with families to implement the best plan possible to ensure FAPE in a virtual environment. Some supports and services may not be necessary for a virtual environment but will be necessary once we return to in-person instruction. Teams will discuss this and note in the IEP where appropriate. Additionally, IEP teams will be monitoring progress once schools reopen and reviewing any regression and recoupment and compare to progress levels in March prior to the school closures. Any academic or functional progress that is not achieved after a determined amount of time will be addressed through additional services or supports to help students return to where they were prior to the school closures. More information on this will be communicated by the special education department.

### → IEP Meetings

- ◆ Annual IEP meetings will be held in accordance with the annual IEP date.
  - Team members will meet virtually until further notice or by phone. Concerns with parent participation and access in a virtual setting will be addressed on a case by case basis.
  - Case managers will send invitations electronically for parents/guardians to respond to regarding their availability
  - Participation in the IEP meeting will be documented by the case manager by noting virtual participation
  - Final drafts of IEPs and NOREPs (Notice of Recommended Educational Placement) will be sent electronically following the IEP meeting. Parents/guardians can scan and return, or take a picture of the signature page and return to the case manager. If you are unable to sign and return your NOREP, please contact your case manager to arrange an alternate means for consent
  - Parents may request an IEP meeting at any time by reaching out to their student's case manager

## → Evaluations and Reevaluations

- ◆ School psychologists will complete evaluations and reevaluations virtually as much as possible. Limited in-person testing will be completed on a one-to-one basis with the following health and safety guidelines:
  - Parents will check their child for possible COVID-19 symptoms prior to leaving for a scheduled appointment with the school psychologist. Parents should check for fever, cough, shortness of breath, and/or headache. If you or your child is presenting with symptoms, please cancel your appointment and contact your child's healthcare provider
  - Hand sanitizers for both student and evaluator will be available during assessment sessions
  - All manipulatives will be sanitized before and after each testing session
  - Plexiglass table partitions will be used when students and evaluators need to be in close proximity
  - In addition to partitions, evaluators will have face masks and face shields that may be used for certain assessments or in addition to the partition. Details can be discussed directly with the evaluator
  - Evaluators will maintain a distance of six feet when the student is engaged in independent tasks
  - Paper protocols will be used only when absolutely necessary, otherwise electronic devices will be utilized to assist with assessment in order to ensure health and safety

## → Evaluations/Reevaluations during the mandated closure

- ◆ School psychologists will begin to work through all pending evaluations and reevaluations once school resumes. Assessments will either be conducted virtually or in person by appointment with the school psychologist. The evaluations that were not completed during the closure will be addressed first with conversations with families throughout the process. In most cases, a new PWN will be sent to families for consent to complete the evaluation.

## → 504 Accommodations

- ◆ 504 Service Plan should be implemented and provide the appropriate accommodations in the virtual environment. Discussions should be held with families to review the 504 Plan and determine if additional supports are necessary for a virtual environment or if some accommodations are not necessary for a virtual environment. It is possible that some accommodations will not be necessary for a virtual environment but required for in-person instruction. 504 Teams will discuss this and note where appropriate in the Section 504 Plan. All Section 504 evaluations will be conducted virtually with some in-person appointments made for assessments that cannot be completed virtually.

## → Gifted Education

- ◆ According to Chapter 16 of the Pa State Code, GIEPs will continue to be followed in the virtual model. There will be opportunities for synchronous support with the Gifted Support

Teachers and some asynchronous work for gifted students. In some cases, the type of class or rigor of a particular class may meet the strengths of the student and his/her strength-based goals. Enrichment, acceleration, or a combination of both will be provided in the virtual setting as determined by the Gifted Individualized Education Plan and Gifted Written Report. Schedules will be created at the beginning of the school year and will be provided to families.

### → Community-based instruction / work programs

- ◆ Students will be able to participate in a variety of virtual tours of community resources. Students will be provided direct instruction on how to access the resources available for secondary transition at (<https://www.secondarytransition.org>). Other potential areas could include:
  - Virtual sessions with the Office of Vocational Rehabilitation (OVR)
  - Virtual parent informational sessions with OVR
- ◆ Students who participate in the Delaware County Intermediate Unit's (DCIU) OPTIONS program will continue to have their needs addressed through these programs.
  - OPTIONS SERVICE - DCIU will be differentiating in-person services based on the unique needs of each service. This will be communicated on a case by case basis.
  - OPTIONS TRANSITION SERVICES (Community Living and Learning Classroom, Students Acquiring Independent Living Skills (SAILS), Meaningful Day Community Living) - These Programs will open for virtual instruction through September 18. Then transition to in-person on September 21.
  - OPTIONS Travel Training / Instruction - This is a one-to-one service, the DCIU is planning to begin this service at the beginning of the school year.

### → Social and Emotional Wellness

- ◆ All UDSD Special Education students will have the ability to participate in social and emotional wellness activities throughout the week.
- ◆ Social skills activities and groups will continue to be provided to special education students who have these supports and services indicated in their IEP.

### → Language Instruction Educational Program

- ◆ Upper Darby School District will continue to provide English language development (ELD) instruction to identified English learners. Broadly speaking, English language development can take place in one of two settings. Either stand-alone ELD direct instruction or content embedded ELD instruction. At the elementary level, students will receive stand-alone ELD instruction. They will be scheduled to receive synchronous ELD instruction during the part of their day that is designated for asynchronous English Language Arts instruction. At the secondary level, students will receive content embedded ELD instruction. This will occur during their scheduled English class time. The particular blend of stand-alone ELD instruction and/or content embedded ELD, depends on the needs of the individual student.

## Dual Enrollment

### Delaware County Community College (DCCC) Advancement Programs

Students may participate in an opportunity to take college courses at Delaware County Community College (DCCC). Students may graduate from high school with college courses on their transcript and start a college program with fewer required courses and lower tuition costs. Students may take classes at UDHS in the morning and then one or two classes at DCCC for one or both semesters. If you are interested and want to take advantage of dual high school and college credit, please contact your counselor for more information regarding graduation requirements.

## Attendance

Attendance for the 2020-2021 school year will follow the UDSD attendance policy (Policy 204) and in accordance with Pennsylvania state law.

Virtual daily attendance will be recorded as outlined below by grade level:

- Elementary students (K-5) will be marked present each day by their homeroom teacher during the start of their synchronous part of the day.
- Secondary students (6-12) will be marked present by their teacher during each synchronous class period.

Absences should be reported to the individual school using the normal process. When a student returns back to synchronous instruction after an absence, a note must accompany the student. The note must be submitted to the designated email address for each building.

## Assessments

### Elementary: K-5

Students will receive ongoing feedback from their teachers using both synchronous and asynchronous methods.

#### **Benchmark Assessments:**

**MAP Assessment:** Students in grades 1-5. This will take place during the asynchronous work sessions. The classroom teachers will review testing procedures and expectations during a live session prior to the assessment date.

**Aimsweb:** The Aimsweb assessment will be given to new students in grades 1-5.

**Curricular Assessments:**

**ELA:** Grades 1-5 : Students will be given an assessment at the completion of each Module. The students will produce writing pieces that will be scored using a rubric.

Kindergarten: Students will be given the Foundations Assessment at the completion of each Unit. These students will also be assessed in listening comprehension.

**Social Studies:** Students will complete lessons in their Interactive Student Notebook (ISN). Checks for understanding and assessments will be built into the lessons.

**Math:** Students will be given assessment at the conclusion of each module. Teachers will use quizzes and quick checks on a regular basis to evaluate student growth. Much of the assessments will be assigned online, but can be administered by paper/pencil if needed.

**State Assessments:**

PSSA Exams are state-mandated exams that are given to every Pennsylvania student in grades 3, 4, and 5 in English Language Arts and Math. Every Pennsylvania student in grade 4 is assessed in science. We will be administering the PSSA Exams. More information to come as it becomes available.

Secondary: Grades 6-8

Students will receive ongoing feedback from their teachers using both synchronous and asynchronous methods.

**Benchmark Assessment:**

**MAP Assessment:** Students in grades 6-8. This will take place during the asynchronous work sessions. The classroom teachers will review testing procedures and expectations during a live session prior to the assessment date.

**Curricular Assessments:** Students will demonstrate and/or apply their knowledge on assessments assigned throughout the marking period. Assessments will be provided using a variety of formats such as quizzes, tests, projects, or essays. Assessments will be administered both synchronously and asynchronously.

**State Assessments:**

PSSA Exams are state-mandated exams that are given to every Pennsylvania student in grades 6, 7, and 8 in English Language Arts and Math. Every Pennsylvania student in grade 8 is assessed in science. We will be administering the PSSA Exams. More information to come as it becomes available.

Secondary: Grades 9-12

Students will receive ongoing feedback from their teachers using both synchronous and asynchronous methods.

**Curricular Assessments:** Students will demonstrate and/or apply their knowledge on assessments assigned throughout the marking period. Assessments will be provided using a variety of formats such as quizzes, tests, projects, or essays. Assessments will be administered both synchronously and asynchronously.

**State Assessments:**

Keystone Exams are state-mandated exams that are given at the end of Algebra 1B, Biology, and English 10. Students may retake Keystone Exams. We will be administering the Keystone Exams. More information to come as it becomes available.

**Benchmark Assessments:**

Measures of Academic Progress (MAP) is a computer-based assessment that allows teachers and administrators to identify each student's strengths and weaknesses in the areas of math and reading. MAP results are used to aid in the course recommendation process, as well as to identify students in need of interventions.
