Planet Research Project

Choose one planet to research and write it on the line (Earth is the only planet you cannot choose). _____

I will create a poster PowerPoint Choose only 1.

Ideas to include in my PowerPoint or poster.

- a title
- colorful graphics/colors
- Is it an inner or outer planet?
- How is it very different than earth?
- length of a year
- seasons/length of season
- length of a year
- fun facts
- weather
- number of planet from the Sun/distance from Sun/Earth
- what it was named after
- size of planet
- number of moons
- average temperature
- hours in a rotation...hours in a day...days in a year etc.
- when it was discovered
- its atmosphere....rings around it if any....

Check in with your teacher once you have chosen a planet. This document is also available on your Google Classroom account.
