

**Opportunity • Unity • Excellence**

Dear Families,

While we encourage students to get outside, enjoy the weather, and step back from spending time on the computer, we've added summer activities to our [Summer Scholar Schoology](#) course. We have included ELA, Math, Science, and SS activities to help prepare your child for next year and stay engaged throughout the summer.

**ELA:**

- **Independent Reading**- Your child can choose books that are in line with their interests. We have included a list of suggested authors and a book log.
- **Reading with a Twist** - Your child can opt to read preselected books that have engaging activities.
- **Community Read** - We will be reading *The One and Only Ivan* by Katherine Applegate. More information will be coming shortly.

**Math:**

- Every student has access to an adaptive, online learning program, **IXL Learning**. Students can follow recommended learning plans for their age/grade level or take a brief diagnostic assessment to create their unique pathway.
  - IXL can be accessed at:
    - [www.ixl.com/signin/upperdarbysd](http://www.ixl.com/signin/upperdarbysd) or
    - [via an app for tablets or smartphones](#).
  - For additional information:
    - Watch this brief ["IXL Parent Video"](#) or
    - Review [The IXL Parent Guide for Getting Started](#)
  - Login information
    - Username: Student ID #@upperdarbysd
    - Password: District Password
- ["Mornings with The King of Math"](#)
  - Join Mr. Schwartz live and online for some fun math games and activities.

**Social Studies/Science:** There are readings, articles, and activity suggestions available in these two content areas in the Schoology course.

The Summer Scholar Schoology courses are available to all students. To access these courses, please use the access codes below. Your child will need to enter their UDSD username and password.
