

Beverly Hills and Drexel Hill Middle School
Summer Reading Recommendations 2021

UDSD recommends all students in grades 6-8 read a minimum of two books, one fiction, and one non-fiction text, of their choosing this summer. We support middle school students in making book choices based on their interests and ability. Reading *I Will Always Write Back* meets the recommendation of reading a nonfiction book.

Where can we get the book:

The school library or Township libraries have titles in which the students are interested. Families may also purchase their text; however, this is certainly not required. Many books are available on E-readers - Nooks, Kindle, iPad, etc.

Will there be an assignment?

Students will participate in a guided book talk upon their return to school in August.

Selecting an appropriate title:

Research shows academic choice in reading serves students most efficiently. Students are encouraged to select books that will interest them and keep them involved in reading throughout the summer months. Below you will find suggestions and websites to assist students in choosing an appropriate text.

Suggestions to assist:

Although students are free to select their books, the following resources may assist students in making their selection.
