

UPPER DARBY
SCHOOL DISTRICT

UPPER DARBY RISING

PHASE 2

In our next phase, we plan to create a Community Advisory Board of 12-15 members who will help:

- Synthesize the lessons learned from the community dialogues
- Develop the Excellence with Equity detailed action plan
- Monitor implementation and 'course adjustments' as needed
- Assist with communicating status updates to the various stakeholder communities

ARE YOU INTERESTED IN JOINING?

The Upper Darby Rising Advisory Board will meet several times within the school year to bring the community closer together through proactive problem-solving. The members of the Advisory Board will be a diverse group including parents, residents, educators, business owners, neighbors who do not have children attending our schools, and partners in education, public safety, and community culture. The Advisory Board will represent as much as possible the age, racial, ethnic, social, gender and sexuality, and economic diversity in the District and Township.

If interested, send an email to upperdarbyrising@upperdarbysd.org
