

# PRIORITIZING ONLINE SAFETY

What every parent and educator must know

October 27, 2021 from 6:00-7:30 p.m.

## WHAT ARE CHILDREN EXPOSED TO?

79%

of students have talked online with someone they never met in person.

70%

of students have sent or received inappropriate photos.

66%

of students have felt bullied or know someone who has.

## LEARN FROM THE EXPERTS

As more students have 1:1 technology as a result of online and hybrid schooling last year, join local technology and law enforcement experts to learn about current trends and dangers for children online, how to recognize warning signs, and what parents can do to protect their children online.

The presentation from county law enforcement officials, technology specialists, and school psychologists will expand upon the following topics, and questions will be answered during a panel discussion.
