

## IXL Learning Math

Dear Upper Darby Students and Families,

**While we encourage everyone to get outside, enjoy the weather, and step back from time on screen, all students will maintain access to IXL Learning this summer.** IXL offers practice in hundreds of math skills from Kindergarten through high school and will help students stay sharp for the upcoming school year.

In IXL, students can:

- Explore skills recommended for their current/upcoming grade level or course
- Follow a weekly or summer skill plan
- Work on a personalized skill plan by selecting the NWEA MAP icon
- Follow a skill plan connected to National Assessments (ACT, PSAT, and SAT)
- Complete the brief Diagnostic Assessment for a more personalized pathway

Login information:

- Login to the UDSD Classlink Launchpad from any internet-connected device
  - <https://launchpad.classlink.com/upperdarby>
- Select the IXL icon
- Choose “Sign In with Classlink”

The links below provide additional information to help students get started.

- [Features that support Young Learners](#)
- [Family Guide for Getting Started](#)

Please reach out via email if you have any questions or require additional support.

Thank you,

Robert Schwartz
