C. Questions and Notes:

(1) The School District is available to answer any questions about the proposed middle school. However, we will not debate the need for a new middle school or the selection of the subject property for it. Those decisions were made by the School Board and are not appropriate topics for this meeting.

(2) The School District will be scheduling separate meetings with any adjacent property owners to discuss issues that directly impact them, and how they can best be addressed. Notices for such meetings have already been sent to adjacent property owners.

(3) Materials and information relating to the School District's proposed middle school in Clifton Heights is, and continues to be, posted on the School District's website.
