

IXL Learning Math

Dear Upper Darby Students and Families,

While we encourage everyone to get outside, enjoy the weather, and step back from time on screen, we are excited to announce that every Upper Darby School District student has access this summer to an adaptive, online learning program called **IXL Learning**. IXL offers practice in hundreds of math skills from Kindergarten through Calculus, and will help students stay sharp for the upcoming school year.

In IXL, students can:

- Explore skills recommended for their current/upcoming grade level or course
- Follow a skill plan aligned to state standards
- Follow a skill plan connected to National Assessments (ACT, PSAT, and SAT)
- Complete the brief Diagnostic Assessment for a more personalized pathway

Login information:

- IXL can be accessed at <https://www.ixl.com/signin/upperdarbysd> or by [tablet or smartphone via the IXL app](#)
- Username: "Student ID #"@upperdarbysd (xxxxxxx@upperdarbysd)
- Password: Personal District Password

The links below provide additional information to help students get started.

- [Diagnostic Guidance for Parents](#)
- [Features that support Young Learners](#)
- [Family Guide for Getting Started](#)

Please reach out via email if you have any questions or require additional support.

Thank you,

Robert Schwartz
